

K-Love has served as a way for young and old residents of my community to find a peaceful happy way of living. K-Love announces all non-profit events and local Christian concerts. Without K-love in my community there would be no radio that provides good, clean music throughout the work day, the work communte, and the teenage listener.

It would be a tragedy if K-Love was replaced by LPFM because a lot of people need guidance in their lives and K-Love provides a way of life. Why in the world would anyone want to take a radio station off the air that is promoting good clean music for all ages, especially the young. It isn't hurting anyone and it isn't a problem, so why is this even a discussion. There are far better issues the FCC needs to address and spend more time on then whether to take a Christian station off the air or not.

Thanks for listening,
